Consultant Profile Cordula Buss

My Motivation

To support companies and projects effectively and to develop strategies for achieving goals.

To approach challenges pragmatically and to transform them systematically and efficiently into relevant and user-friendly solutions.

To jointly develop and successfully implement ideas and concepts in teams and agile project structures.

My Strength

To grasp new tasks and complex contexts quickly and to act constructively, pragmatically and solution-oriented.

To live transparency, passion and a sense of responsibility.

To use empathy, emotional intelligence and humor.

To contribute leadership competencies by delegating responsibility, creating freedom and developing a positive error culture, but also to set priorities and make decisions.

To use skill, cooperation and conflict management abilities.

To recognize people's abilities and motives and to promote team development through trust, appreciation, communication and transparency.

To bring in experiences abroad (USA, Switzerland and Luxembourg) and to apply multilingualism (fluent English and French) when needed.

Feedback received

She has a strong will to shape things, is creative, full of ideas and acts in an extremely goal-oriented manner.

She is persuasive and assertive and very confident in her appearance.

She grasps comprehensive tasks in a short time, develops concepts and designs implementation processes.

She understands how to make complex issues understandable and how to derive pragmatic solutions from them.

She is authentic, straightforward and likeable, has the necessary tact in dealing with people and a great sense of humor.

She knows how to lead people, motivate them and successfully support them in their personal and professional development.

She is absolutely trustworthy.
